

Jaysee Plans Welcome For State Delegates

THIS IS
SPINSTER WEEK

THIS IS
SPINSTER WEEK

VOLUME VII

SANTA ANA, CALIFORNIA, MAY 20, 1931

NUMBER THIRTY-ONE

EXPECT 150 TO ATTEND FIRST MEET

lection Of New Officers
Scheduled In Morning

ill Reinhardt President
Of The Day

Delegates from all parts of California are gathered on the local campus today for the organization and first convention of the California Federation of Junior College Honor Societies. Faculty advisers of the various junior colleges have been meeting for several years, but this is the first gathering of student members organized into a state federation of which each California J. C. will have a chapter.

Bill Reinhardt, president of the local honor chapter, and Miss Lella Watson, state president of the advisory board, assisted by members of the honor society and campus service clubs have made complete arrangements for the day's events.

Several well known speakers have been obtained for the day's program at convened at 10 o'clock in the college hall. Dr. Arthur J. Coons of the University of California addressed the morning session. Mrs. John Tammann gave a brief talk on Phi Beta Kappa and Sigma I, telling the work of these honor fraternities. Pasadena junior college provided special musical sections for the occasion.

Noon luncheon was served guests the college cafeteria by members of the Moav club, local campus service organization. During the luncheon music was furnished by Marion Nau, Mary Nau and Betty Smedley.

The afternoon program at 1 o'clock will feature an address by Dr. Merrell Hill of Chaffey Union junior college. Immediately following, delegates will adjourn for round table discussions. The advisory board will meet in the college library to revise the constitution making it adaptable to the new organization. New state officers will also be elected. The student presidency will be automatically go to the school whose adviser is honored. Present officers are Miss Lella Watson of the local college, state president and Earl Clark of Chaffey junior college secretary-treasurer. Ten delegates from each school will be given voting privileges in accepting the new constitution.

Students will meet in the college hall where special topics of vital interest to the society will be discussed. Manfred Mueller of Santa Ana will lead a discussion, on Phi Theta Kappa. Santa Ana is at present the only California junior college to have a chapter of this honor fraternity. Pasadena junior college will have a large of the plans for the future of the organization. It is quite possible that the honor society will merge with the Phi Theta Kappa accepting its rituals. It will be decided at its exact status of the organization.

Elect Officers Of A. W. S. Group

At an election held recently by the women of the college, new officers, and a new board were elected. In accordance with a new plan there are only four on the board this semester, while there were nine the preceding term.

The new officers are Hazel Hushman, president; Louise Proctor, vice-president; and Dulcie Green, secretary-treasurer. The new board consists of Hazel Hushman, Louise Proctor, Dulcie Green, and Velma Bishop.

Last semester's officers were Marion Parsons, president; Ruth Fitz, vice-president; and Margaret secretary-treasurer. Last semester's board included Juliet Taylor, Edith Bailey, Elizabeth Linker, Irene Whistler, Dulcie Green, Hazel Hushman, Eugenia Gire, Helen An, and Clare Hymer.

NAME CONE NEW BACHELOR HEAD

Glenn Is Elected Honorary
Brotherhood Member

Tom Cone, former president of the freshman class and commissioner of men's athletics, will rule as grand exalted of the Brotherhood of Bachelors for the first semester of last year, it was decided Monday night when the Bachelors elected new officers at the home of George Blewitt in Anaheim.

Cone will take over the position now held by Wayne Flinn, commissioner of forensics. Other new officers elected were Paul Bruce, senior exalted; Erwin Watkins, junior exalted; Stanley Johnson, keeper of the writ; Harry Clayton, Bachelor Bouncer and Emmett Seacord, member at-large. Retiring officials are Wayne Flinn, grand exalted; George Griffith, senior exalted; George Blewitt, junior exalted; Jac Crawford, keeper of the writ; Paul Bruce, member-at-large and Harry Clayton, Bachelor bouncer. Sheldon Hayden is faculty adviser.

The other chief item of business at the Monday meeting was the discussion of plans for the annual banquet to be held on Monday, June 1 at the home of George Griffith in Laguna Beach. Bill Crawford is arranging the menu for the "stag" affair.

The Bachelors prepared to assist in the college student loan fund drive which is being sponsored by the Gauchos, Spinsters, Las Meninas, Moavs and Bachelors. Names of the students were given out for the personal canvas of the entire student body. Jac Crawford is taking charge of the drive.

Thomas H. Glenn, head of the English department, was elected to honorary membership in the club and accepted the invitation Tuesday. Glenn is faculty chairman of Fiesta Day, faculty adviser of the Tavern Tattlers and is prominent in other activities. Dean McKee Fisk is also an honorary Bachelor.

Annual Spinster Week Opens With Assembly Entertainment

"Spinster Week" was officially ushered in yesterday when the Sisterhood of Spinsters sponsored an associated students assembly. The attractive program presenting a one act play and special musical selections was well received by the large number of students that gathered to witness the presentation. The one act play, "Far Distinguished Service" is a sophisticated drama that takes place in the boudoir of a modern woman who feels it is not wrong to accept attentions from other men although she is married. A friend trying to prove that she is wrong has a date with her husband. This shows the young modern that things are rather different when it concerns one's own husband. Mabel Pruitt, Ruth Collins, and Ada Marie Hendricksen are cast. The play was directed by Miss Pruitt.

Maurice Phillips, popular baritone, presented several selections. By popular demand Spinsters had the trumpet trio made up of Carlton Smith, Warren Shutz, and Don Abbott accompanied by Everett Idlor.

Other musical numbers were presented by the J.C. men's quartette, and the high school womens sextet. As a special feature of the week, Spinsters presented a new cork bulletin board to the college. It will be installed this week.

Carrying out the week of activities still further, Spinsters will hold a beach party tonight at the Balboa home of Frances Bowman. Spinsters and dates will leave immediately after school to enjoy swimming and a beach frolic before the typical beach supper. Dancing at the Rendezvous will conclude the evening's festivities.

Class Views World's Most Abundant Fauna Of Pleistocene Time

A group of historical geology students under the instruction of Horace Scott took an interesting trip to the La Brea Ranch tar pits and the Los Angeles museum last Saturday.

At the pit many interesting things were observed by the class including some of the open holes where elephants have been excavated. Other pits were also observed where the fossil remains have been uncovered and left for the observation of those interested. One of the most interesting things observed by the class was newly entrapments of a modern bird in the fresh oil. This helped to show the effectiveness of the oil in holding and trapping such small animals as birds. The class was also allowed to gather some of the smaller fossil bones from the pits.

Probably one of the most logical reasons why fossils are found in the pits to-day is the fact that water lies upon the tar in pools and this water being seeped by the ancient animals caused them to be entrapped, it was learned. Some of the mammal fossils in great abundance at the pits are the species of the carnivores of which 200 different kinds have been excavated. Students were disappointed in their attempt to see the Rancho La Brea fossil room which was closed for renovation.

Although the class wasn't able to gain entrance to the La Brea Ranch room in the museum much time was spent in the adaption room (Continued on page 4)

Music Department Works On Graduation Program

Closing a successful year, the junior college glee club will furnish the vocal entertainment at both the Baccalaureate services and the graduation exercises. During the past school year the club has appeared in public numerous times, giving performances that have made them popular with the music lovers of Santa Ana.

Annual Spinster Week Opens With Assembly Entertainment

Assisting the Gauchos in the drive for the Student Loan Fund the Sisterhood is planning to present a silver tea for friends of the college. Each Spinster will also assist in collecting the individual contributions from some of the college students.

Concluding the events of the week, a tea honoring delegates to the first annual convention of junior college honor students will be presented in the Y.W.C.A. Hut. Margery Adams is in charge of the arrangements for this event.

Spinster activities for the past year will be closed at the Long Beach Pacific Coast Club, early in June.

Laud Junior College Print Shop For Work

Work of the Santa Ana junior college print and its instructor, T.E. Williams was lauded in the May issue of the Sierra Teachers News which has just been distributed. There were more than 50,000 copies of the trade journal distributed this month and considerable advertisement will be given the local institution as a result of the article which describes the work of the shop on the Orange County Historical Society volume.

BULLETIN

Spinsters will hold their annual dinner dance on Friday, May 22, due to the recent ruling of the faculty that all social events must be concluded before examinations begin. It will be held at the Long Beach Pacific Coast club.

Left to right William Reinhardt, president of the California Federation of Junior College Honor Societies; Miss Marjorie Adams, who is chairman of arrangements for the organization's first convention to be held in Santa Ana, May 23; and John "Sky" Dunlap, president of the Santa Ana Junior College Students who will welcome the 150 delegates expected to attend the confab.

Need For Increase In Student Loan Fund Told By Bob Brown

With the five men's and women's service clubs of Santa Ana college cooperating in the student loan fund drive more than \$200 is expected to be raised.

The raise will differ in that instead of either collecting through classes or in the hall, every student in college will be personally met by a member of one of the following clubs: Brotherhood of Bachelors, Sisterhood of Spinsters, Las Meninas, Gauchos or Moavs.

Junior College Faculty Members Reveal Plans For Trip To Europe This Summer

Thomas Hall Glenn, head of the English Department of the Santa Ana high school and junior college, having obtained a leave of absence for one year from the Santa Ana board of education, will leave for Europe on June 27 for the purpose of pursuing his studies and travels abroad.

During the summer of this year Glenn will conduct one of the Wark European Tours and the trip will mark his fifth trip to Europe. Among those who will sail from New York in Glenn's party will be Mrs. Eleanor Northcross, dean of women; her son Robert who is attending Occidental College; Agnes Todd Miller of the English department and Enid Twist of the faculty of the Woodrow Wilson school.

In addition to his European travels Mr. Glenn has also traveled in the Orient, having spent the summer of 1929 there in company with Dean McKee Fisk of the Santa Ana Junior College. Although he has not made definite plans concerning his studies he will probably attend a French University for some time. During the year Glenn also expects to pay brief visits to Spain, Greece, Egypt, and Palestine, countries which he has not visited. In the summer of 1932 he will

School Year Closed By German Club

German club members closed the year's events when they met recently in the model apartments for a dinner meeting.

In anticipation of the Goethe Jubilee year, the program dealt completely with his works.

Florence Resnick reviewed his life, Margery Adams gave the story of the "Faust" saga, and other members presented selections from many of Goethe's poetical works.

For the past semester German club members have been very active in reviewing many of the works of famous Germans. The majority of the meetings have been dinner meetings held either in the model apartments or at Corona del Mar.

Officers for next year will be elected at a short meeting to be held early next week.

A ME N D M E N T VOTE IS SET BY J. C. BODY

Very Few Candidates In
Races For Executive
Positions

Two Important Issues Will
Be Before Voters

BULLETIN

Petitions have been secured for the following candidates for Associated Student offices: Geo. Griffith, president; Eugenia Gire, secretary. No petitions have been taken out for the office of vice-president and treasurer. Petitions may be taken out until Tuesday when the nominations will be made in the assembly.

Associated Student members will have 2 important issues before them when they go to the polls Friday, May 29, the selection of officers for the coming semester and the amendment of the constitutional section regarding ticket sales.

Following several weeks of agitation members of the executive board have recommended an amendment which, it is believed, will do away with the numerous ineligibilities that have resulted from the regulation in the past and will facilitate the sale of Associated Student tickets.

If the new ruling is put into effect, all students registering at the first of the year will automatically purchase a ticket or appear before a board composed of executive board members and state reasons why they are justified in not securing a ticket. The new regulation will also mean that any student who does not purchase a ticket at the time of registration may purchase one later in the year with the payment of an additional sum as a penalty.

Junior Lions Will Elect Officers At Meeting On June 1

Three candidates were nominated for the presidency of the Junior Lions last night when members of the men's service club met at Ketter's cafe for their regular dinner meeting.

Richard Robbins, Jim Thompson, and Paul Wright were the three named to run for president. Charlie Greenleaf and Doyle Gilbert were placed in the vice-presidential race, Burt Winslow and Paul Wright in the secretarial, and Doyle Gilbert and Bert Wilkins in the treasurerial. Burt Winslow was the only candidate named for the office of Lion Tamer, while no member was nominated for Tall Twister.

Declaring that the minor offices should not receive nominations until the presidential and vice-presidential offices were filled, Cub Bruce Harbottle made a motion that the losers for the two higher offices be placed in the voting for the other positions. This motion was approved by every member present.

Fullerton College Paper Is Forced To Discontinue

Because of the lack of sufficient funds, the Fullerton junior college weekly paper, "The Torch", will be forced to discontinue publication until next September when a renewed treasury will enable it to resume activities. During the past school year "The Torch" has been able to make its way only with the repeated help of the treasury, as ads were few and far between.

Soph Announcements Made By Class President

Two important announcements that vitally effect tentative graduates of the college were made this week by Warren Schutz, president of the sophomore class.

All orders for graduation announcements must be made by Friday afternoon, May 22. Any orders which come later than the set time will be disregarded, it is understood. Samples of the announcements will be on exhibition today and tomorrow in the student office. The price is 50 cents a dozen.

One of the highlights of the graduation activities will be the sophomore breakfast to be held in the Associated Student Center next Tuesday morning. Tickets to the event will be on sale at 50 cents and the breakfast entertainment will begin at 6 o'clock in the morning. Willard Minor is in charge of the ticket sales.

EDITORIAL COMMENT

Welcome Delegates

It is a pleasure and an honor for the Santa Ana junior college to be host to the first convention of the California Federation of Junior College Honor Societies. It is the wish of the institution and all student officials and committees who have cooperated in an endeavor to make the convention a success that delegates will remember the Santa Ana conclave as one of the most beneficial and entertaining in the history of the organization.

Athletic teams, forensic teams and extra curricula organizations are feted often, but seldom are the students who attain success in a scholastic way recognized. The congregation of these students who in reality are making a success of their schooling should prove to be beneficial in many ways in that they will gain knowledge whereby they will be able to raise their standard of scholarship to an even higher degree.

The Best Fiesta

That the Santa Ana junior college Fiesta Day is progressing and becoming more and more a tradition of the college that affects every student of the institution was evidenced last week by the large attendance at activities of the Fourth Annual festivity.

The largest audiences that have ever attended the festivity were present during the morning and afternoon programs offered in the arena in front of the Y. M. C. A. hut. Particularly gratifying was the fact that there were so many townspeople among those taking part in the activities.

Santa Ana junior college is becoming a bigger attraction in the way of an educational institution than ever before it was also indicated by the large number of students who will graduate this year from Orange county high schools that attended the afternoon program, evening dance and the annual play "Cock Robin".

DON TALKIES

Do you think the students should dress in costume for Fiesta Day?

I think that every one should dress in Spanish costume on Fiesta Day. The committee has gone to the trouble to make costumes for the students or in ordering them. Is it to much trouble for the student to leave his name for a costume or to rent one for a quarter? On this day we are on exhibition to high school seniors and the impressions that we make will be lasting memories. Isn't it better to have a memory of unity than one of none-co-operation? This day is yours also and you should have the pride to co-operate and make it the best possible by dressing in Spanish costume. The committee on costumes has done their part—it is now up to you!—Marion Parsons.

I feel that the students, if at all possible, should dress as Spaniards on the one day of the year when we may be the Dons and Donas that our traditions make us.—Calvin Stillwell.

If a school or a body of Associated Students decide to hold an event of the magnitude of Fiesta Day it is not a matter of personal opinion; it is the duty of everyone to do his best to help make the event a big success. Dressing the part is included in that. If a student is not taking an active part in the events of the day, then the least that he can do is to aid in the general atmosphere and that includes "dressing the part."—Glover Hendricksen.

The custom of dressing Spanish style is particularly appropriate in view of the purpose of the day. Thoroughly in accordance with California tradition, the Fiesta day has gained wide popularity among Cali-

fornia cities; it is wise for Santa Ana to follow a good example.—Clem Cole.

S.A.J.C. has been built around certain old Spanish traditions. Fiesta Day is an attempt to make these traditions seem more real to the Dons and Donas of the college. What better way can this be brought about than by donning Spanish costume? I think that all students should add to the atmosphere by wearing some sort of a costume.—Katherine Harwood.

The idea is an excellent one, because of the fact that the whole motif of the Santa Ana junior college is centered around the customs and dress of the old Spanish Californians. But, to make it a success, everyone in college should take it seriously and dress in Spanish costume.—Oran Asa.

POET'S FACTS

He romped on mathematics,
 And Calculus and such
 He was a traction wizard
 And he ran a wicked slide.
 He parleyed French and Latin
 And Hindustani and Dutch
 He tackled steam Mechanics
 And gave it quite a ride
 And though he gnashed his molars
 And tore his learned hair,
 He couldn't start a flivver
 When the frot was in the air.

Doris Teas: "If you were my husband, I would give you poison."
 H. Clayton: "If I were your husband I would take it."

OVER THE EDITOR'S DESK

By RICHARD ROBBINS

THIS week marks the annual celebration of the founding of the Spinsters club, one of the most active and progressive women's service clubs on the campus.

THE Spinsters have done much towards the building of the junior college and stand with the other similar organizations of the campus that have taken an active part in the social and service program of the school.

DURING the past year Spinsters have been unusually active taking part in more events than any other time in the history of the club. It is through such organized effort that the Santa Ana junior college has become known as the most "club active" junior college in the state.

What a grand and glorious Fiesta Day! Fiesta this year far surpassed any that have ever been held in the history of the country. The school owes a overwhelming vote of thanks to the Fiesta Day chairman, her committees, and groups of various club members who so graciously gave of their time to make the festivity a success.

NOW the school must turn to the election of officers for the coming semester. Although there are not many in the race, the college is fortunate in having a group that is well qualified for the positions to be filled.

ONE factor that must be considered is the amount of time that students will have to devote to the duties attached to the office. It is important that the executives of the association be able to dispatch all their duties so that the machinery of the organization may run smoothly.

AS FAR as qualifications to hold the positions are concerned every candidate, who up-to-date has signified his intention or running, has had ample experience to handle the duties of the office in the most efficient manner. Although no petitions have been taken out at the time of this writing, several had signified their intentions of seeking office.

BOOK REVIEWS

No one will be able to find fault with Hugh Walpole's "Above the Dark Tumult" on the ground that the story fails to hold the attention, even to strike something of the intended terror to his heart.

The events of "Above the Dark Tumult" are supposed to take place within the compass of a very few hours and spatially the main events take place within an apartment near Piccadilly Circus and in a Piccadilly music hall. John Osmund and his friend, Buller, lacking employment after demobilization and craftily manipulated by one Pengelly for the latter's own evil ends, had burglarized a mansion, were caught and sent to jail.

The present story opens with the reappearance of Pengelly on the scene. He has some scheme for blackmail, and believes that he can use the men who were his one-time tools as he used them before. But Pengelly not realizing that the men are not innately evil, is killed by the wrathful Osmund. From that time on Osmund is a hunted man.

The story continues on the theme that murder will out, with subtle twists determining the point of giving up in the individual life of each person involved. One in the group goes temporarily insane, and when he rushes to persons with a tale of the murder none will believe him. Osmund's wife sticks faithfully to him during his two years in jail for the robbery. Osmund's final act of self-destruction is dramatically achieved.

The development of the book is not so interesting in the murder as in the analysis of the mental effects on Osmund. The episodes that terrify the reader are inserted fitfully, yet they are sufficient to give an effect of horror.

Efficiency Experts—The Scotchman who had his pockets lined with asbestos so that his money wouldn't burn holes in them.

SOUP A LA FLY

Speak about etiquette to fly. Fly will be humiliated. Will think self is eating wrong course. Will leave soup alone. Begin with hors d'oeuvres.

Snub fly. Induce guests to harp on fly's faults. Fly will be embarrassed. Will feel out of own element. Go back into atmosphere.

Talk aviation to fly. Fly will become air minded. Will take off out of soup. Do stunts about table. Crash on butter plate.

Inform fly prolonged hot bath will sap strength. Fly will emerge from soup. Will sprint to finger bowl and take a cold plunge.

Hand Turkish towel to fly. Fly will be intrigued. Will step out to dry self and will walk off with towel.

Obtain large piece of fly paper. Place in soup. Fly will become attached to paper. Will leave when same is withdrawn. Settle down for life.

MEMORIES

After the thrilling, good time of Fiesta, the Dons and Donnas have once again entered the hall of learning for to prepare for the final "ex's" which are approaching soon.

The flashing billaros, sashes and the long, fuzzy whiskers—the senoritas in their dashing costumes are still in the minds of us all—it is true the pictures does not fade away.

In the class rooms drooping eyes and sleepy heads are surely to be found—still dreaming of the last Fiesta celebration.

When school is out and summer vacation approaches—surely in the minds of all—will linger the thoughts of the good times had in S.A.J.C.

PLAY IN EPISODES

Time: Late for a party.

Scenery: One lone motorcycle officer by the roadside.

Episode 1

Character No. 1, or Catherine Harwood, who pilots wheel, clings helplessly to the helm, while character II screams "Throw in the clutch."

Setting: Coast highway east of Laguna.
 Characters: Lorna Allen, Catherine Harwood, Eugenia Gire, Esther Romoff, Neva McDonald, Priscilla Watson, and Miriam Samuelson.

Chevrolet coach bearing seven characters comes charging along highway at breakneck speed of fifty-five miles per hour.

Imagine embarrassment of seven characters when they find themselves bearing down upon "scenery" or gruff-looking motorcycle cop, and realize that the noisy muffler, which blew off on a previous trip, has not been repaired; also that the brakes still refuse to function.

Character No. 1 throws in clutch and anything else she can find handy, while car skids swiftly by John Law.

Episode 111

Mr. John Law looks threateningly and then dubiously at fast receding car, and realizing that pursuit would be futile, again poses against motorcycle.

Poor Chevrolet resumes former pace, and slouches in driveway cowering beside various Packards and Cords in the driveway of the hostess.

Episode IV

Seven slightly battered characters extract themselves from Chevy and stalk into home.

Orange Theater News

Thrills, romance, and comedy features the Orange Theater program for the coming week. As is usual at this showhouse every program contains a generous amount of entertainment. The theater runs evening performances from Monday to Saturday at 7 and 9 P.M., Saturday matinee at 2 P.M. and continuous showing on Sunday from 2 P.M. to 11:30 P.M.

IT'S GREEK TO ME

Modern practices if applied to ancient times would create a sensation. Here is how Americans would reverse the doom of Socrates, the famous Greek philosopher.

"Athens May 8 (A.P.)—The sentence passed against Socrates in 399 B.C. has been appealed to the Supreme Court.

"M. Paradopoulos has undertaken to act as the philosopher's attorney. He says it was by a miscarriage of justice that Socrates was convicted of impiety and corrupting the young.

He urges reconsideration of the death verdict passed by the judges of the Athenian democracy Against their better judgment."

"The honor of Greece required a revision of the judgment and a judicial declaration of Socrates' innocence," says the attorney.

Miss Kirkwood: "Tommy, what three words do you use the most?" Tommy K. "I don't know."

Miss Kirkwood: correct, sit down."

Dorothy Kloess: "I wonder if you'll love me when my hair has turned to gray."

Boy-friend: "Why not? I've loved you the other times you've changed it's color."

Tuning In

On News Of The Past
 Paul Wright—Dialer

Santa Ana junior college graduates have aims of higher education in view, according to intentions listed in the college office. Proving to be the most popular college on the list of choices is the University of California at Berkeley.

Petitions are taken out for president of the Associated Students. Abbot Mason and John Keeler petitions are the first to be circulated.

A survey, made by Oran Asa, El Don sport editor, shows that Santa Ana junior college will receive several notable track stars next fall.

Discussion is held on the advisability of appropriating some of the athletic budget for the Varsity "S" club to "rush" graduating high school athletes at a beach party May 24.

CHATTERS

Rosalind—I can see good in everything.

Masculine voice—Can you see in the dark?

Grace—With whom? Faculty—Do you think you are a member of the faculty?

Max—No! Faculty—Then stop acting so foolish.

Neva—Skins are used for making shoes.

Professor—How about banana skins? Neva—They make good slippers.

Bernice—Why do you always dance with me?

Jat—Your feet are so comfortable. Who knows?—Do you mind if I smoke?

Jane—Yes, I hate the taste of tobacco.

Paul's prayer at dear old J.C. Now I lay me down to rest For tomorrow's awful test

If I should die before I wake Thank Heaven! I'll have no test to take.

Gene—What are you thinking about? Marjorie—Nothing; What did you think I was thinking about?

Gene—Nothing.

Fiesta pictures on exhibit in the closed case in the end of the hall are for sale. The large pictures are \$5.50 and the small ones are \$.25 please order the ones you wish from Ada Marie Hendricksen or Marion Parsons.

Inter-class Indoor Game This Afternoon

BOYS DEFEAT CO-EDS 8 TO 3 IN BALL TUFF

Gladys Early And Agnes McKinstry Hurl Good Ball For Girls

Surprising the men by their fast playing the women of the college in an indoor game finally met defeat 10-3 on the local field last Wednesday afternoon.

The game was slow and more or less a joke for both teams since the men so superior in strength. Several regular players on the J. C. baseball team intered in the game and it was so on-sided that during the last innings all the men batted left handed.

Gladys Early, pitched her usual good game and saved the girls from being completely annihilated.

The lineup:

Girls	Boys
Whisler, C.	Koral
Early, P.	Gorenov
Teel, 1B.	Garlock
McKinstry, 2B.	Scott
Williams, 3B.	Sullivan
Hurd, SS.	M. Privett
Cheney, CF.	Martin
Woodward, RF.	Gilbert
Holly, LF.	J. Privett

Substitutions: McKinstry for Early, Richards for Cheney, Warner for McKinstry, Gardner for Woodward.

Co-eds Take Second in Three Way Swim Meet

Santa Ana junior college swimming team placed second last Tuesday in a three way meet with Fullerton and Santa Ana high schools. Fullerton won the meet with 29 points. The Dons scored 25 digits while the local high school took 22 points.

The Dons were severely handicapped by the absence of several of their star swimmers. The Santa Ana's obstacle relay won first place in the most exciting race of the day.

Twenty-one Trojans Named For Track Trip

Twenty-one Trojan tracksters have been nominated by Coach Dean Cromwell to compete in the I. C. 4A. meet at Philadelphia. U. S. C. won first place last season and is hoped to repeat again this year with their rivals, Stanford, close on their heels. Frank Wycoff, Ernie Payne, Vic Williams, Jim Stewart, Bill Braber,

DONS LOSE TO YELLOWJACKETS

Working a combination of pitchers the Don baseball team was unable to stop the hard hitting Fullerton Yellowjackets, losing by a score of 17 to 9 last Saturday on the local field. Everthing was rolling along smoothly for the Dons until the third inning when Wilton Hilliard forgot to count the men on bases and fielded an easy hit expecting to force Jewett out at third base but he was safe on a slide.

Taking advantage of the break Fullerton started pounding Hilliard with Carpenter driving one ove the fielders heads for a double scoring Hemus and Jewett. Outside of three bad innings the Dons would have played the Yellowjackets a tight game.

"Bomo" Koral went to Hilliards relief in the third inning retiring the side. Early in the game Coach Clyde Cook's henchmen were unable to solve the offerings of Hemus, Fullertons tricky little pitcher.

Stellar hitting in the Fullerton was done by Beatty and Whistler, each getting a home run. Don Johnson and "Bomo" Koral also got a couple of hits. "Coach" Natland was the stellar baseball player of the day playing right field, pitcher, first base and third base for the Santa Ana Dons. About thirteen members of the team will receive their monograms for this season's work in baseball.

Freshmen Meet Sophomores Today In Second Indoor Game of College Series; Lowerclassmen Have Edge

Sophomores Determined to Avenge 9 to 3 Defeat Received In First Game of Series; Victory Would Give Frosh Junior College Title

With one victory already to their credit the Freshmen indoor team will try to make it two straight wins over the rival Sophomores this afternoon, when the two squads tangle at 3:30 o'clock. A victory by the Frosh would give them the junior college championship.

Last week the lower-classmen easily defeated their rivals 9 to 3. The Frosh had the advantage on the mound with Les Fulson and "Bomo" Koral, two experienced night ball pitchers, pushing them by the bewildered Sophs.

Joe Rodriguez will probably start the pitching for the upperclassmen with "Coach" Natland in reserve. After a bad start last week Rodriguez settled down and hurled good ball for the losers.

Wayne Garlock captains the Sophomore squad while "Bomo" Koral and Russell Sullivan co-manage the

Freshmen. With the completion of baseball season last Saturday, the upperclassmen will boast a stronger lineup for this afternoon's game. The championship has been decided to be best two out of three games and if the Sophs win today the junior college indoor title will probably be decided next Friday.

The lineup for the Sophomores will probably be Melvin Beatty, catcher; Joe Rodriguez, pitcher; "Swede" Whisler, first base; Charles Andres, second base; Wayne Garlock, short stop; "Coach" Natland, third base; Hal Dunham, left field; John Knox, center field; Carl Schoenberg, right field.

Freshmen players will be "Bomo" Koral, catcher, Les Fulson, pitcher; G. Kluthe, first base; Dante Siracusa; second base; Paul Wright, short stop; Russell Sullivan, third base; Burton Allen, left field; Emmett Seacord, center field; Groenow, right field.

SULLY'S SPORT SPOTS!

SPORT COMMENT

In Hawaii there are barefoot football leagues in addition to the regular scholastic leagues. The Hawaiian lads play the entire game without any kind of foot covering, drop-kicking and punting accurately with their bare feet. Many of the boys have come to the United States colleges and continue to play the game without shoes or stockings.

Daddy Vance received approximately six dollars for every ball he pitched last season or about \$758 per game.

A night ball game between Los Angeles and Portland last Friday took nearly five hours to be played. The game began at 8:30 p. m. and was finished at 1:15 a. m.

Santa Ana junior college baseball squad had the best baseball talent it has had for several years this season, but for some reason the locals were unable to get anywhere in college conference. At the beginning of the season the locals were enthused over the championship prospects, but the material was not shaped into a winning combination.

One out of every six persons injured in all kinds of accidents last year was hurt while engaging in sports. More adults were injured in golf than any other sport.

GYM CLASS

Coach Bill Foote reports that his junior college classes in tumbling and self defense are progressing rapidly. At the first of the year Coach Foote was having a hard time getting his tumbling class to turn summersaults, but now he has some of the boys turning flips from the mat and back flips from the spring board. In a short time the boys should be able to turn the more advanced flips.

The self defense class are rapidly learning the many different tricks to wrestling and boxing. The students seem to take to this sort of thing, and are working hard to perfect themselves in the art of self defense.

FOOTBALL TEAM OPENS AT U. S. C.

Santa Ana junior college football squad will open its 1931 grid schedule September 26 against the strong University of Southern California freshmen team at the Los Angeles coliseum in a preliminary match to the U. S. C.-St. Mary's varsity game. Regular practice will be started on the first day of school.

The Trojan frosh will meet three junior college teams and the yearlings of their three conference rivals in California, according to Willis Hunter, director of athletics. The trobables schedule is as follows.

September 26—Santa Ana J. C. at Los Angeles coliseum. (Preliminary to S. C.-St. Mary's varsity game.)

October 3—Compton J. C. at coliseum. (Preliminary to S. C.-Oregon State varsity game.)

October 10—Chaffey J. C. at coliseum. (Preliminary to S. C.-Washington State game.)

October 17—University of California at Berkeley freshmen at Berkeley.

October 24—Stanford freshmen at coliseum.

November 6—U. C. L. A. freshmen at coliseum.

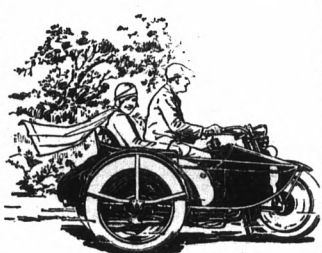

KENTUCKY DERBY

LOUISVILLE, Ky., May 16—The amount of money wagered on the Kentucky Derby today is unofficially estimated at \$500,000, \$750,000 less than the aggregate placed on the classic last year.

In addition to the money placed in the betting machines on Churchill Downs, there was estimated millions of dollars handled by the bookmakers throughout the country.

A total of approximately \$1,400,000 was bet on the seven races, including the derby, today. Last year the official figures for the amount wagered on the seven contests was \$2,700,000.

GLENDALE IS VICTORIOUS AT NET MEET

Four Santa Ana Entrants Are Defeated In First Round

A well balanced tennis team from Glendale won the dual meet championship of the junior college conference. Glendale's star single player, Williams won the singles championship at the league meet held at U. C. L. A. last Saturday.

The Dons' four entries in the conference meet all lost their matches by close scores. Fry of Santa Ana lost to Micheul of Pasadena by a score 6-3, 4-6, 3-6. Evans, Santa Ana lot to MacInture 7-5, 2-6, 3-6. In the doubles Busher and Ridnor of Santa Ana lost to Fullerton's first doubles team 6-2, 6-3.

Prospects for next year's tennis team are very bright, the Dons losing only three lettermen from this year's team.

Although this year's team was not very successful the boys deserve a lot of credit for the way they have worked and tried to put the Dons' tennis team on the map. The team was ably coached by Mr. Archer.

The "Lonesome Lover" is the fellow who lost in the stock market crash.

Fiesta Day Attendance Is Record Breaking

Harry Carr Draws Throng To Fourth Annual Festivity

Hundreds Of County High School Grads Here

With all previous records broken, approximately 500 high school seniors in the county registered and attended the Fiesta Day activities, according to Marion Parsons, Fiesta Day chairman. Returns from the play, "Cock Robin" are still coming in, but to date about \$150 has been turned in to Mrs. Helen Hicks, assistant auditor.

More students of the junior college appeared in costume than at any previous fiesta day which attributed in large measure to the success of the event. The morning program, at which Harry Carr, Los Angeles Times columnist, was the main speaker, was especially well attended. Not only by students, but by the townspeople; a larger percentage than has ever attended a fiesta celebration before.

High school seniors, representing every high school in the county, made up the majority of the audience at the afternoon performance. The play was especially well attended, nearly every seat in the auditorium was taken.

Announce Date Of Graduation Rites

An increase in the number of graduating students this year over that of last year has been revealed in a recent check-up.

Graduation exercises will be held Wednesday afternoon, June 10, on the college campus. Dr. A. J. Solon, D. D., pastor of the St. Paul's Lutheran church in Santa Monica, and formerly college pastor at the University of Wisconsin, will address the graduating class.

The baccalaureate sermon will be given June 7 at 4:30 p. m. at the First Congregational church by the Reverend P. F. Schrock.

Dana Point Is Scene Of Tatler Steak Bake

After the Tavern Tatlers had entertained themselves by playing baseball and swimming, they enjoyed a steak bake which was prepared by T.H. Glenn, the clubs advisers at Dana Point last Tuesday. After everyone had partaken of as much food as could be consumed, story telling was enjoyed around a blazing campfire.

The main feature of the evening, was the narration of a story, various members supplying parts of the plot. This social affair took the place of the regular meeting, while the next appointed gathering will be held in the junior college library, on May 26, when a further discussion of Greek plays will be held.

Those present at the beach party included the adviser, T.H. Glenn, Ralph "Bud" White, Wilton Hilliard, Betty James, Carolyn Haughton, Mary Mateer, Jean Anderson, Alice Meyers, Elva Cook, Helen Campbell, and Miriam Samuelson.

GEOLOGY

(Continued from page 1)

where groups of mammal skeletons were mounted. Some of the skeletons observed by the class were horses, camels, monkeys, elephants, sea lions, elk, deer, skulls of man, monkeys and pythons. Some time was also spent in the childrens museum where different adaptations of flight were studied in the animals of the bat, flying squirrel and the flying fish. Other things observed in the childrens museum was the large skeleton of the Boa Constrictor with peculiar arrangement of teeth and the hinging of his lower jaw bone.

In the afternoon the class enjoyed a lecture by Dr. Comstock an authority on the La Brea Ranch fauna. Dr. Comstock also pointed out many interesting features in the skeletons of the different mammals of the adaptation room.

Brief History of Sisterhood Of Spinsters' Group is Given

Although organized on the local campus a short year ago, the Sisterhood of Spinsters has rapidly filled a definite place in the social and service extra-curricula activities of Santa Ana Junior College.

It was a year ago that the Executive board suggested that clubs paralleling the boy's service clubs be formed among the co-eds. Clare Kate Owens, a junior collegian now attending the University of Washington, was instrumental in completing plans for actually organizing the Sisterhood of Spinsters. Eighteen charter members were chosen from girls then attending junior college.

Establishing several traditions to correspond with the name of the organization, it was decided to adopt green and white checked aprons as the official uniform and designate one day every two weeks when the Spinsters would refrain from noticing the opposite sex. When the group was organized it was too late in the year to have a social event of any significance, but members gathered immediately after final exams to initiate the three pledges, Marion Parsons, Helen Hendricks, and Mary Todd Tate. The affair was held at the beach cabin of Grace Marcher.

Officers elected to lead the club the remainder of the year were Clara Kate Owens, Supreme-spinster; Margery Walton, sub-supreme spinster; Betty Maloney, keeper of the button box; Betty Wiswall, keeper of the quilt; and Frances Vierra, mender of the sox. The first service the new organization rendered to the college was to sell tickets to the annual Fiesta play.

When school opened in September, the Spinsters made elaborate plans for carrying out their social and service activities for this year. A rush tea was held near the beginning of the first term at which time 50 girls were entertained. Twelve pledges were chosen to bring the membership quota up to the limit. A semi-annual tradition of a dinner-dance was established when active members, pledges, and escorts attended a dinner-dance at the Newport Harbor Yacht club.

Betty Maloney led the club during last semester and was instrumental in the success with which the group

Play Attendance Breaks Records

"Cock Robin", a tense three-act mystery play by Elmer Rice and Philip Barry, presented by the drama department of the Santa Ana junior college was very well received last Friday evening as the finale to the annual Spanish Fiesta Day.

The play dealt with the rehearsal and production of a play by a group of typically modern society amateur players. The nucleus of the plot is the murder of Hancock Robinson, a charming deceiver of the fair sex played by Dean Wright. The mysterious murder takes place in a duel scene in full view of the audience and cast, yet no one is able to supply enough evidence to convict the guilty person.

Eugene Olsen, carrying the heaviest role of the play as George Mc

was able to put over the annual football banquet given with the Bachelors. The club also managed the sale of tickets for the Soph-Frosh dance.

Choosing Margaret Wilson to the office of Supreme-spinster, the organization discussed important plans for the semester. Six pledges were added to the active list. Initiating the pledges, the Spinsters adopted a new plan. Instead of hazing the sox, a formal initiation was held.

In service to the college the Spinsters have accomplished much, taking over the task of decorating the "Y" Hut for the recent Phi Theta Kappa initiation, decorating for Fiesta Day, sponsoring an assembly during Spinster Week, presenting a new cork bulletin board to the college, and entertaining honor society delegates to the convention. May day the Spinsters surprised women members of the faculty by presenting each one with an old-fashioned corsage.

Socially, too, the Spinsters have been busy. They entertained members of the other two service clubs at an afternoon bridge in the Hotel Laguna. Plans for the semi-annual dinner-dance have not been completed but June 5 has been officially set as the date of the affair. It is very likely that it will be held at the Pacific Coast club in Long Beach.

Establishing this year what is hoped will become an annual custom, the Sisterhood is sponsoring a week of events officially known as "Spinster Week" Tuesday as assembly was offered, today a social affair will be held at Balboa, and Saturday the members will be hostesses at a tea honoring delegates to the Honor society convention.

Membership includes at present Margaret Wilson, Nelle Grafton, Ada Marie Hendricksen, Marjorie Walton, Mary Todd Tate, Margery Adams, Iona De Remeh, Frances Bowman, Marjorie Arundell, Aileen Adams, Grace Skinner, Betty Wiswall, Wilma Paterson, Louise Proctor, Betty Maloney, Marion Parsons, Helen Hendricks, Bernice Summers, Bernadine Bender, Bernice Keller, Helen Spangler, Mary Tsch, Phyllis O'Conner, Marguerite Lentz, Grace Marcher and advisers Mrs. Velma Sundquist and Mrs. Lura Livenspire.

Auliffe, the hard boiled stage director, portrayed the roll with excellent fidelity and is due much credit for the mastery of his lines. Elizabeth Skiles as Marie Scott, the all efficient secretary to the director gave a good performance in the feminine lead, particularly in the closing scenes. Sharing the romantic elements on the masculine side were Mitchell Hookins and Dickie Lane and Dean Wright as Hancock Robinson, both of whom gave realistic performances.

Others of the cast were Marjorie Burns as Carlotta Maxwell, the object of the love of Lane and Robinson; Marjorie Arundell as Mrs. Montgomery, the prominent society matron; Robert dePrece as Cleveland, the lawyer in cross examining the cast; Wayne Flinn as Dr. Graves; Glover Hendricksen as Torrence, the duelist with Robinson; Ada Marie

Chaffey Jaycee Plans Building Dedication

Approximately 1,500 invitations have been issued to alumni of Chaffey's high school and junior college, inviting them to return to the campus for the twentieth anniversary celebration of the founding of Chaffey, on Friday, May 22.

The two main events will be the dedication of the new junior college building and the Junior Farm Center Fair, which is now under direction of the newly organized Future Farmers of America, an national society for the purpose of featuring agricultural interests in the high schools of the nation. The fair will be a two-day event, demonstrating the work done by the agricultural department.

News Bulletin Is Installed By "Y"

Foremost among the gifts that have been presented to the school by various organizations so far this year is the combination map-news bulletin board recently installed in the south end of the main hall by the Y.M.C.A.

Through the cooperation of the Santa Ana daily Register the school will receive late news dispatches over the United Press wire service from all parts of the world, and a miniature light will appear on the map, designating the exact location of the dispatch.

Hendricksen as Mrs. Maxwell, mother of Carlotta; Herman Goodwin as Jessup and Myra Lake as Mrs. Ethyl Vanderhooff.
